Spring Term- Creation
What came before us?

One of our English stories we are exploring is 'A first book of Dinosaurs'. Can you create a dinosaur out of junk modelling?

We are looking at everyday materials in Science. Can you go on a material hunt around your house and find as many different materials as you can? You can draw and label them or take photos and add them to Tapestry.

We are also exploring the countries and cities of the United Kingdom and the seas around. Can you draw the United Kingdom on the puzzle template, and cut it out to create a puzzle?

Templates will be printed and put in book bags.

In History, we are learning about The Great Fire of London! Can you create a picture of The Great Fire of London and then write one fact about it? You could perhaps go to the local library to find some information books to help you.

Learn the rhyme 'London's burning'. If you feel confident enough, upload a video of yourself singing the rhyme onto Tapestry.

For any completed activities, please take photos and put on Tapestry. We are looking forward to seeing what you do! We will also have an opportunity to share these as a class. We will let you know a date for these to be brought into school. Please do not bring them into school until a message has been sent out.
